Weight	93g
Installation	Ceiling Mount

◆ Dimensions (mm)

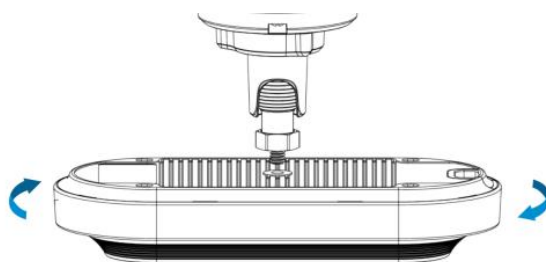

◆ HOW TO INSTALL

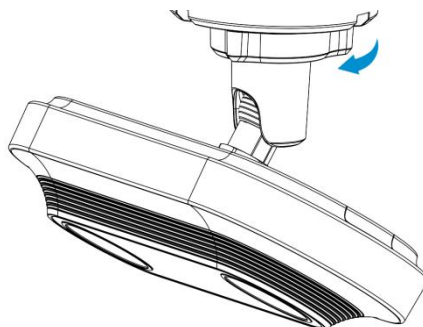

Step 1: Determine the mounting location and drill 3 holes, fix the wall plugs into the mounting holes, then fix the bracket to the wall plugs via mounting screws.

Step 2: Fix the bracket to the device using the mounting hole on the device.

Step 3: Gently rotate the black knob in the direction shown to loosen it, then adjust the direction of 3-axis ball.

Step 4: After the installation angle is set, tighten the knob in the direction shown to secure the device.
